

Mother's Day

*at the
Cortlandt Colonial Restaurant*

COVID Safety Protocols

We are pleased that we will be able to host a classic buffet style brunch and dinner smorgasbord buffet with some special safety protocols designed to keep you, our guests, and our staff all safe and healthy. While we will be taking all necessary regular precautions like we have been doing for the past year, we are also taking special precautions and asking for the help of all of our guests.

-We will be reducing our capacity to enable greater distancing between tables and between people at the buffet.

-We are spacing out the reservation times more than usual to prevent lines of guests waiting to be seated.

SPECIAL PRECAUTIONS FOR BUFFET STYLE SERVICE

When approaching the buffet or any staffed stations, we will be enforcing the following safety measures:

- 1 - Guests will be required to wear masks when approaching the buffet.
- 2- We will be providing one time use gloves for every guest to use every time they handle utensils on the buffet.

Thank you for your understanding and cooperation in keeping us all safe and healthy while celebrating mom this Mother's day.
